PROFESSIONAL HEALTHCARE NAMED TO 2007 HOME CARE ELITE

[Annandale, VA – November 8, 2007] Professional Healthcare Resources, Inc., a home care company with offices in Virginia, Washington, DC, and Maryland is pleased to announce its selection as one of the Home Care Elite for 2007. The Home Care Elite list is the definitive compilation of the most successful Medicare-certified home health care providers in the US. This list recognizes those agencies whose performance measures in quality outcomes, quality improvement, and financial performance are the best in the nation.

The data used for this analysis was compiled from publicly available information.

The HomeCare Elite is the only performance recognition of its kind and was developed by OCS, Inc., a leading provider of healthcare informatics; and DecisionHealth, publisher of one of home care's most respected newsletters.

The HomeCare Elite list names individual home care branches. Professional Healthcare has the singular achievement of having one branch (located in Lanham, Maryland) in the Top 100 of more than 8,800 agencies nationwide, four branches (Washington, DC, and Richmond, Norfolk, and Roanoke, Virginia) in the Top 500, and another branch (Bethesda, Maryland) in the Top 25%. Overall, three-quarters of Professional Healthcare's branches appeared on the list, an extremely high proportion compared to other multi-branch agencies.

"We applaud the success of all the providers named to the 2007 HomeCare Elite", said Bill Bassett, Senior Director, Market Strategy at OCS, Inc. "Being noted as one of the top performers in the nation in this very competitive environment shows that Professional Healthcare is dedicated to quality and performance."

"Making the 2007 HomeCare Elite is commendable in today's highly competitive home health care industry," said Jonathan Stern, Group Publisher of DecisionHealth. "We congratulate Professional Healthcare on being one of the Top 100 best performing home care agencies in the country."

Eileen DeCesare, President/CEO Emeritus of Professional Healthcare, said: "We continue to foster a strong commitment to quality care for our patients among our staff. We believe this is the only way to deliver our services. I am so proud of all our staff, without whom we would not be recognized for the quality of care we provide. I am personally delighted to receive this recognition, and will continue to foster this quality service culture."

This is the second year in a row in which Professional Healthcare has achieved Home Care Elite status. In 2006, Professional Healthcare's Washington, DC branch was selected as one of the Top 100 agencies.
