PROFESSIONAL HEALTHCARE CELEBRATES 30 YEARS OF PROVIDING HIGH QUALITY HOSPICE SERVICES TO THE COMMUNITY.

Baltimore, MD November 19th, 2009. Professional Healthcare Resources, one of the largest home care agencies in Maryland, Washington DC and Virginia, is pleased to announce that its Baltimore, MD office is celebrating 30 years of providing high quality hospice services to patients in Baltimore City, Baltimore County, Howard County and Anne Arundel County.

Formerly part of St. Agnes Health Care, Professional Healthcare acquired the Home Care and Hospice divisions of St. Agnes in October 2007.

On Monday November 16th, the Baltimore branch of PHR Hospice marked the 30 year milestone with a well attended celebration at St. Agnes Hospital. Susie Kelly, Hospice Community Liaison, said “It was a privilege and an honor to celebrate this achievement with the very people who live and breathe the mission and the ministry of Hospice. We are deeply grateful for our team’s deep commitment to patient care. These are the core values vital to our tenure in this community and most importantly, the reason why families choose PHR Hospice when faced with life-limiting illnesses.”

Edwina Siebert, Branch Administrator of Professional Healthcare’s Baltimore office stated “We must thank St. Agnes Health Care for the long years of hospice service in the Baltimore community and giving Professional Healthcare a quality service line to add to its repertoire.”

Building on the experience and reputation of our Baltimore Hospice Team, PHR will begin hospice operations in our Northern Virginia and Washington DC branches during 2010.

About Professional Healthcare Resources, Inc.

Professional Healthcare is the largest independent home care firm in the Washington, DC metropolitan area. Founded in 1994, we provide home health care, hospice, and private duty personal care services to over 1,500 patients each day. The company is headquartered in Annandale, Virginia, and operates eight branches throughout the tri-state area: four in Virginia (Annandale, Norfolk, Richmond, and Roanoke), three in Maryland (Baltimore, Bethesda, and Lanham) and one in Washington, DC. Our mission is “*To provide high quality home healthcare*”

and hospice services to more people.” For more information, visit our website at www.phri.com.
